SHANE KUNZ

1153 S Oak Park Ave, Oak Park, IL 60304 | shanemkunz@gmail.com | +1 (708) 712-5879

SKILLS

Core tools I've used in last year:
C#, ASP.NET Core, Vue, Shopify, JQuery, Git, EPiServer (.NET CMS/Ecommerce), DNN (CMS - legacy), Azure, Ruby (Shopify scripts), Node, React, Next, Microsoft SQL Server

WORK

SOLUTIONS DEVELOPER AT BLUE BOLT SOLUTIONS
NOVEMBER 2018 – PRESENT

- Building and supporting full stack web solutions for clients using .NET CMS/Ecommerce systems like EPiServer and DNN.

- Helping clients launch their Shopify store including consulting, architecting solutions, theme development, writing C#/ruby scripts, integrating Shopify apps.

- Collaborating with project managers, lead developers, and clients.

SOFTWARE DEVELOPER AT ATLAS FINANCIAL HOLDINGS
JULY 2017 – NOVEMBER 2018

- Built full stack applications using primarily SQL Server Management Studio 2017, ASP.NET MVC 5, Razor Views, and JQuery.

- Fixed application defects with complex business rules in the commercial car insurance industry.

- Developed dashboards views, forms, and APIs to display company wide metrics.

INTERNSHIPS

RESEARCH ASSISTANT AT DEPAUL UNIVERSITY
JUNE 2016 – JANUARY 2017

- Built a database security server that performed analysis on incoming queries and pinged admins for approval using Python, GUI's used the wxPython library.

RESEARCH ASSISTANT AT DEPAUL UNIVERSITY
AUGUST 2015 – DECEMBER 2015

- Fixed GUI Bugs and manipulated SQL queries using C#.

EDUCATION

DEPAUL UNIVERSITY, CHICAGO
B.S. IN COMPUTER SCIENCE CONCENTRATING IN SOFTWARE ENGINEERING
GPA: 3.8

EXAMPLES OF WORK

Here's a video of some projects I worked while at Atlas Financial Holdings:
https://youtu.be/XlZW81Yvgdo

Here are some sites I've played a big role in at Blue Bolt Solutions: ascm.org, fypon.com

Here's the repository and live version of my latest personal project:
